Message Communications, Inc.
861 North Norman Place - 2nd Floor
Los Angeles, CA 90049-1532

I wanted to take a moment to express my gratitude towards Message Communications. As an organization that utilizes voice broadcasting as its way of calling clients back, I was looking for a cost effective way of doing so. Message Communications has become our sole provider of all of our voice broadcasting needs.

The software that is used to operate the dialing system is so easy to use. I can properly train my staff in a few short minutes rather than having training seminars that last all day. Customer support is always right there for you. A phone call or an email never gets left unattended. I am very pleased with Message Communications and would recommend to anyone who is looking for a solution for their voice broadcasting needs.

I thank you again for your service.

Sincerely,

Brandon Kingcaid
Director of Operations
